Chapter 1 by Tristan

My name is Ethan Grimmslock and I am the chosen wielder of the Nox Arcana a weapon that doesn't have a physical form but manifests as a mark on the wielder's body. There are many different Arcanas all of them give the wielder the power to control that related to their worst fear and mine is the fear of the dark so I have control over the darkness.

One Day I was just walking around town and then suddenly....

Chapter 2 by R

there was a scream and the sound of a shot being fired. It was a gray day, and I felt the bullet flying through the shadows. It was headed for me.

I slipped in to the shadows at my feet, holding my breath so that I wouldn't throw up and clenching my eyes shut as I fell through the darkness, and emerged behind the shooter. He stared at me and I stared at him before I plunged the room in to darkness.

Still holding my breath and closing my eyes I punched him in the face, and when I opened them he was lying on the ground unconscious and the darkness had faded.

I saw across his hands an Arcana. See more of Story Wars as the Mortis Arcana. The death arcana.

Someone had come to kill me, so that they could steal my Arcana. I had been warned about this, but I hadn't expected it to happen.

I needed to call someone.

Chapter 3 by Lex

I wasn't entirely sure who to call at first and then it hit me, I needed to call the man who taught me everything there is to know about my Arcana and every other Arcana in the world, Master Ichigen. He was a brilliant teacher who taught me all i needed to know about all the Arcanas when i was just young and first discovering my power, Ichigen was like a father to me although I had one, he wasn't much in the 'Father' department, but Ichigen took care of me.

So i put his number into my phone and hit enter, it rang a few times before he answered sleepily. It's the middle of the day, why does he sound sleepy?

"Yeh, hello who's this?"

"Ichigen its Ethan....Ive got some bad news about the Mortis Arcana" At the sound of 'Mortis' he knew i was in some major trouble.

"Come over here quickly, and use the shadows to hide yourself lad, Mortis is everywhere and they want your Arcana for a reason, its wasn't just a random attack" He sighed and hung up the phone, i pulled the phone from my ear just as an bullet shot straight through it, 'Damn, just finished paying that off'. I quickly sank into the nearest shadow, my foot first being absorbed as another bullet came dangerously close to killing me. I let the rest of my body absorb into the shadows as a third bullet grazed my back leaving a cut only a few centimeters deep, but it stung.

"Must've been a tracker bullet" i mumbled before closing my eyes and holding my breath, moving through shadows was quick but no one said it was easy, it was still hard even after all my own years of training.
